Report on the Movie screening:

On July 5, 2022, at 11 A.M. the Internal Quality Assurance Cell (IQAC) put on a movie show for the students in the college Auditorium. The Movie 'Padman' was shown to the students to help them understand how to deal with menstrual taboos. When the movie was over and the lights went up, there was a huge response from the students. The students had to fill out a response form, and many of them said that change starts in the family. Students mentioned that movies like this can change the view of treating menstruation as a matter of shame. Awareness at the micro level can lead to change in the macro social structure. Educational institutions can be an effective agency of socialization by which awareness drives can spread far and wide. They suggested that

movies like this should be arranged for the students more often as that will help to eliminate the ingrained superstitious belief regarding menstruation and give the students more confidence to fight for their own rights.

They were overwhelmed by how all of their professors talked to them about the problem. This made it easier for some students to talk about their challenges. One of the students talked about how using regular cloths instead of sanitary napkins can lead to different physical problems in the future. When asked what kind of movies they wanted to see in the future, most of them said they wanted to see movies that raise awareness, inspire, spark conversation, and help them break the glass ceiling. Following the words of Swami Vivekananda "There is no chance of the welfare of the world unless the condition of women is improved. It is not possible for a bird to fly on one wing" and the positive response from the students, the College authorities are hopeful to bring about a positive change in the society.

Meeting on NAAC Committee formation and Work Delegation Resolutions and Minutes.

The modus operandi for the NAAC accreditation process for the college is to be divided into two parts or approaches:

1. QUALITATIVE (written representation of actual work done and ends accomplished)
2. QUANTITATIVE (supporting documentation)

In case the above two do not complement each other, points shall be deducted during assessment.

As this college will be applying for NAAC accreditation for the first time, AQAR will not require. We will need to upload the IIQA (Institutional Information for Quality Assessment). After acceptance of the IIQA which is expected to be checked in a month, the SSR needs to immediately upload within the ensuing 45 days.

The target term period for NAAC assessment will be from the academic year 2018-19 to the academic year 2023- 24.
